Submit

- 2) Upon submission, we update your record and document the customer that mentioned your name.
- 3) To earn rebates, you must be registered for a camp before you are named as a referral, so get registered today! If you are mentioned as a referral but not registered, you will be ineligible for the rebate.
- 4) We will submit the rebate back onto your credit card immediately following the camp start. If referring customers cancel before camp, the rebate is void.
